II. Summary of Contact:

called Greer to ask some questions about the autopsy of JFK - Greer said that when he first arrived at Parkland he thought JFK was only hit in the head. During the autopsy he recalls that a decision was made to perform a complete autopsy. Said that Agent Hill went back & forth between the President's coach & the autopsy. Greer said he never left the body - "always with the body" - also said that there were "no alterations at Parkland or in transit" - will definitely state.
